

Operations at a glance

CityPlace bnb · 3604 San Jacinto St, Dallas, TX 75204 · Ten suites · ~4 years operating history without an on-site manager

IS THIS A SECOND JOB?

~2 hours / week

Pricing check-ins, spend approvals, and exceptions in the existing Slack channel. The reservation manager holds the guest inbox; the owner is not in daily messages.

CAN YOU RUN IT REMOTELY?

Yes, already

No on-site manager for ~4 years. The owner has not lived in Dallas during that period. Cloudbeds, RoomPriceGenie, smart locks, and a cleaning bench are in place.

WHAT CONVEYS AT CLOSE?

The whole stack

Real estate, the operating business, listings and channel connections, staff/vendor introductions, furnishings, and SOPs so reservations can continue without a rebuild.

What's included in the sale

REAL ESTATE

Building and land: ten renovated 1BR/1BA suites (~550 sq ft, full kitchens), private dog park, parking, contactless entry.

OPERATING BUSINESS

Cloudbeds PMS, RoomPriceGenie, OTA + direct connections, smart locks and code logs, Ring cameras, Slack ops channel (~4 years of history).

PEOPLE & DOCS

Reservation manager (~4 years), lead cleaner + backup bench, handyman. Turnover checklists, training materials, furnished units.

How the week runs

Guest contact goes to the reservation manager on every channel. She orders supplies and knows the guest mix.

Pricing adjusts nightly in RoomPriceGenie inside Cloudbeds; rates are not set by hand.

Turnovers use documented checklists, backup cleaners, and smart locks (no key handoffs). Ring cameras at each unit entrance support disputes.

Owner time stays at ~2 hours: review occupancy/pricing, approve spend, handle exceptions in Slack.

Systems that transfer

Role / system	What it does
Cloudbeds PMS	Reservations, rates, guest data, channel connections, direct booking engine.
RoomPriceGenie	Dynamic pricing vs demand and comp set.

Role / system	What it does
Reservation manager	Remote; ~4 years on property. Primary operational relationship.
Cleaning bench	Lead cleaner plus standing backups for turnover coverage.
Handyman	Local maintenance across all ten units.
Slack + SOPs	Team coordination channel and written turnover/training docs.

Optional transition: The seller offers a two-month transition support contract at the buyer's election (terms negotiable with the transaction) to hand off vendors, systems access, and operating rhythm.

CityPlace bnb is listed with Marcus & Millichap; the owner holds a Texas real estate license. Operating descriptions are owner-provided; verify relationships and contracts in diligence. Regulatory matters in Dallas STR ordinances are a diligence item with your own counsel. Reply to your package email or (737) 367-2371 for the deal room (channel earnings, monthly P&L, appraisal, term sheet).
